THE COURT'S PROPOSED VOIR DIRE

Good morning, ladies and gentlemen. My name is Maryellen Noreika and I am the Judge who will be presiding over the trial in this civil case for which a jury is about to be selected.

I am going to ask you some questions, the purpose of which is to: (1) enable us to determine whether or not any prospective juror should be excused for cause; and (2) enable counsel for the parties to exercise their individual judgment with respect to what are called peremptory challenges, that is, challenges that counsel can make to a potential juror without giving any reason.

Before I ask any questions, I am going to ask my Deputy, Mr. Buckson, to swear the jury panel to answer all questions truthfully. (Panel sworn).

You each have a list of the questions that I am also going to read out loud. If any of you answer "yes" to any of the questions that I ask, make a note of that on the list. At the end of the questions, I will ask some of you whether you answered yes to any questions and, if you did, take you out into the hall where you will wait to talk with the lawyers and me about your answers.

We are having jury selection for a case that will begin today and last up to five days – until Friday of this week. The trial will be timed, so the attorneys have to complete their trial presentations within the five days. It is possible, however, that jury deliberations may require you

to be here longer than the scheduled five days. Our trial days will run approximately from 9:00 a.m. to 4:30 p.m. each day.

My questions:

1. Does the schedule that I have just mentioned present a special problem to any of you?
2. In this case, the Plaintiff is Chugai Pharmaceutical Co., Ltd. (“Chugai”) which has brought a lawsuit against the Defendant, Alexion Pharmaceuticals, Inc. (“Alexion”), alleging that Alexion infringes two of Chugai’s patents. Have you heard anything about this case prior to today?
3. Have you or has anyone in your immediate family or close friends had any dealings with, owned stock in, or been employed by Chugai or Alexion?
4. Have you or has anyone in your immediate family or close friends had any dealings with, owned stock in, or been employed by Roche or AstraZeneca PLC?
5. Do you have any opinions about or experiences with Chugai, Alexion, Roche, or AstraZeneca PLC or their products and services that might make it difficult for you to be a fair and impartial juror in this case?
6. Do you have any strong feelings, positive or negative, about pharmaceutical companies or the pharmaceutical industry that might make it difficult for you to be a fair and impartial juror in this case?
7. Do you have positive or negative opinions about foreign companies that might make it difficult for you to be a fair and impartial juror in this case?
